SD50 SELF DRIVE WORK PLATFORM

49ft 6in

Platform height

28ft 6in

Working outreach

Weight Saving Design

Easily transported & maneuvered on site

Telescopic Upper Boom

Greater accuracy when positioning the platform

Bi-Energy Available

Optimises utilization

Hydraulic Outriggers

For quick & easy set up

Fully Proportional Hydraulic Controls

Simple, reliable & easy to maintain

Platform Rotation

Improved access to applications

niftylift.com

nifty SD50

The Nifty **SD50** combines the best of our self-propelled and trailer mounted ranges. It offers the same staggering reach capabilities as the **TM50** but with the versatility of a robust, yet very lightweight driveable base. This allows the operator to maneuver, set up and operate this machine without leaving the platform, especially useful on uneven surfaces.

SAFETY FEATURES

- Pressure Sensitive Outriggers
- Audible & Visual Alarms
- Lock Valves on all Hydraulic Cylinders
- Dual Controls (Platform & Base)
- Manual Recovery with Hand-Pump
- Double acting cylinders
- Meets OSHA and ANSI Regulations

The **SD50's** outstanding reach makes it ideal for construction site work. Also available trailer mounted, see the Nifty **TM50** specification sheet.

Rough terrain tires as standard and the 4WD option allow the **SD50** to maneuver easily over a wide range of site conditions.

SPECIFICATIONS

Working Height	56ft
Platform Height	49ft 6in
Working Outreach	28ft 6in
Slew	360°
Width - Travelling	5ft 3in
- Working	14ft 5in
Height	6ft 11in
Length	18ft 4in
Minimum Weight	6000lbs*
Turning Radius - Outside	17ft
Platform Rotation	100°
Platform Capacity	500lbs
Platform Size	3ft 7in x 2ft 2in
Drive Speed	5.2mph
Gradeability	25% (2x4) - 30% (4x4)
Control System	Fully Proportional Hydraulic
Power Options	Battery Only Gas or Diesel Only Bi-Energy (Engine and Battery)

* Weights may vary according to specification / power options, please confirm before ordering.
